28th Long Casting of Sea Weights World Championship - Seniors

12th Long Casting of Sea Weights World Championship – Ladies

9 - 16 May 2026 - Tirrenia – Coltano (PI)

The World Long Casting Championship is of the several international sport fishing event to be held in Italy this year.

As President of the Italian Federation, I am delighted to host every year athletes from different parts of the world who practice various sports disciplines.

I am particularly happy to see that a few years after the last World Long Casting Championship in Italy, the Italian territory has once again been chosen to hold this event.

The Coltano Site, bears witness to the Federation's interest in this discipline, which is widespread among young people and arouses curiosity in women, whose technical ability and athletic preparation are admirable and on a par with men.

As always, we will do our best to 'make you feel at home' and give you a new, unforgettable sporting experience.

I wish all athletes, coaches and all the people involved in this event to spend intense days of fair competition, moments of sharing as well as an opportunity for athletic and personal growth.

I would like to thank the local authorities and structures for their hospitality and all those who are collaborating in the organisation in various forms, especially because very often they are sportsmen and women who give their contribution out of true passion and make me feel proud of the world I am honoured to represent.

The FIPSAS President

Prof. Ugo Claudio Matteoli

I would like to extend a warm welcome to everyone at this important and exceptional sporting event.

The Championship, which takes place in Tirrenia, in the Province of Pisa, involves a discipline that embodies the highest competitive, technical, sporting and athletic values, on a par with Olympic disciplines.

We are hosted by the city of Pisa, an Italian city famous for its great historical and artistic heritage and, like all Italian cities, for the hospitality of its inhabitants. These conditions are fundamental to the success of the event, and I am sure that this hospitality will be accompanied by a competitive spirit animated by great loyalty.

In recent years, long casting athletes have been the protagonists of truly spectacular competitive performances, demonstrating excellence in technique and physical power. All that remains for me to say is, 'may the best man win!'

I would like to conclude by thanking all the volunteers, the authorities and everyone who will be working hard to make this a brilliant event.

The Vice- Responsible of Sport Fishing Sector - Sea Division

Stefano Sarti

The Italian Federation of Sport Fishing and Underwater Activities has the pleasure to invite your Federation to participate in the 28th Long Casting of Sea Weights World Championship - Seniors that will be held from 9 to 16 May 2026 on the venue of Coltano - Pisa. On the same occasion, the 12th Long Casting of Sea Weights World Championship - Ladies will be held.

The Grand Hotel Golf in Tirrenia will host the athletes' delegations. The hotel is located 20 minutes far from the venue and 25 minutes from the centre of Pisa.

The Grand Hotel Golf in Tirrenia is close to the unspoiled seaside, in front of Golf Club Tirrenia and just over half a mile from the Cosmopolitan Golf Club. All rooms and apartments with kitchen facilities have a balcony, many with views of the sea.

The property is in a large private park with an outdoor swimming pool and tennis court. The hotel's Bagno Golf sandy beach is 320 yards away.

The Grand Hotel's restaurant serves typical local cuisine and a range of international specialties. Breakfast is served buffet style.

Pisa and Livorno are within easy reach, both by car and by train. The hotel features an outdoor parking and a garage

ANTI-DOPING INFORMATION **TUE REQUESTS**

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website:

<https://ita.sport/resource/international-testing-agency-therapeutic-use-exemption-tue-application-form/>

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List **https://www.wada-ama.org/sites/default/files/2025-09/2026list_en_final_clean_september_2025.pdf**

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV). Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs

Rules

The FIPS-M rules can be consulted and downloaded: www.fips-m.org/statutes-rules-gb.
